RE: Error in Vaccine Management Plan June, 2006

DATE: August 10, 2006

The North Dakota Department of Health (NDDoH) Immunization Program recently sent out The Vaccine Management Plan dated June, 2006. An error has been found in the plan. Shingles vaccine was listed as a vaccine that could be stored in the refrigerator. **Shingles vaccine must be stored at 5° F (-15° C) or below.**

Enclosed you will find the pages with the corrections made. Please review the pages. Replace pages 3 through 8 in the Vaccine Management Plan with these pages.

Please contact the NDDoH Immunization Program with any questions or concerns at 701.328.3386 or toll-free at 800.472.2180.
